Hello Corvette Enthusiasts.....

*Happy Father's Day
to our Corvette men!*

Although we are still in the midst of uncertainties, life as we knew it is slowly starting to come back and hopefully we will be able to enjoy life's simple pleasures again with our Corvette Family! Pleasurable experiences, like our Plastic Fantastic Tribute Run, was very beneficial in helping to relieve stress.....I definitely felt exhilarated just navigating those curves and turns and I'm sure my ZR1 was thankful that I ran him hard! Just had to add some humor....but seriously....just being able to talk and physically see some of you was one of the best days I had in a long time!

Because of this unprecedented situation, due to the COVID-19 Pandemic, I will be emailing ballot forms, along with the June Meeting Agenda, to each of our Members for our upcoming 2020-2021 NCoCC Board of Directors Elections. When you receive the form, please review and add in any nominations you wish, then make your selections and return to Marilyn Hartman via email threegoldens@outlook.com. Marilyn will receive and tally all the ballots and inform the Secretary of the Board of the results. The Board will then make the announcement to the Membership. In July, and hopefully we might be able to actually hold a Business Meeting, the new 2020-2021 Board will take over from the 2019-2020 out-going Board.

Please remain vigilant and stay safe

I look forward to seeing everyone at our future NCoCC Business Meeting when it is safe to do so. Don't forget to visit our website www.ncocc.com

Plastic Fantastic Tribute Run Bates Nut Farm May 17th

Editor's note: Plastic Fantastic may have been canceled this year, and while some of us who work the show every year are enjoying the break, this is an example of why we do our show and what it means to our participants. Thank you Sam Rindskopf for getting us this wonderful story and personal tribute. This is a story from someone who was registered to attend this year for the first time and plans to be with us next year.

Dear Members of the North County Corvette Club:

Your Plastic Fantastic All Corvette Car Show represents quite a story for us:

My father served on the Midway from 1959 to 1961, he turned 80 this year. When he got out of the Navy, he bought himself a 1960 Corvette. My mother and father started dating when he had that car, and during my childhood all I heard about was Dad's 1960 Vette (pictured below with Dad on the left), that became the "bar" for me if I succeed in life. Three years ago, I bought my 1960 Vette (pictured below in front of an old Sinclair gas station)! It has now become a mission to get a picture of my Mom and Dad and my Vette and the Midway in the background! Your show just became the icing on the cake! See you next year, very much looking forward to it!

Want to Play a Game?

TRUE OR FALSE

1953 was the first year the Corvette was produced.

Chevrolet code name for the new Sting Ray was the LP-710.

C2 center of gravity was dropped over 2 inches.

In 1968, GM enlarged their small-block again to 350 cubic inches.

There is no such thing as a "1983 Corvette."

A 50th Anniversary Edition model was built in 2003.

The manual of a C5 was replaced by the Borg-Warner T-56.

Production of the 2005 Corvette Coupe began in the third quarter.

The 2014 C7 shares only three parts with the previous generations.

June 18, 2019 will forever be the day the mid-engine became a reality.
