President's Corner

Hello Corvette Enthusiasts.....

As we embark on the month of June....almost halfway through 2021....we look back at some of the events that we remember and celebrate, such as D-Day, Flag Day, Summer Solstice and most important....Father's Day!

We are still in search of a new meeting place for our Club, preferably in the North County area. We will be forming a committee to head up this task.....all suggestions are gratefully welcomed.

Until a new meeting place is secured, Paragon Services

Engineering, our club sponsor, has offered to host our meetings. We are also planning on holding our Name Tag and Gift Raffle at the June meeting, so come prepared and plan on arriving early to grab something to eat and socialize with other Club members.

Also, at our June meeting we will be voting for our 2021-2022 Board of Directors.

Upcoming in August will be the Past President's Picnic...further information to follow.

I look forward to seeing everyone at our next scheduled NCoCC Member Meeting on June 8, 2021, at the Paragon Services Engineering Office, 5415 Oberlin Drive, San Diego, CA, 92121. Don't forget to visit our website for all upcoming events.

Motors for Music Car Show

The Motors for Music Car Show was held at the San Marcos High School on May 16th. Gary and Sharon Wood and Dwight Alexander attended.

The Corvette Trophy was won by JD Duncan of North Coast Corvettes with his 62 Red Corvette. It was a rainy day with .10 Rain in San Marcos that day and much less in the rest of the county.

When You Buy a Corvette
By Von Jones (Corvette owner four times over)
June 14, 2014

You will experience some changes when driving your Corvette:

People will notice you.
Strangers will photograph your Corvette.
You will get a “thumbs up”, when stopped a traffic lights.
People will want to race you.
You will hate any car, truck, jeep, that does not have mud flaps.
If your Corvette is parked at a restaurant, people will stop and look at it going in and out of the restaurant.
When you go into a restaurant, you will wait for a seating location to watch your car.
You will look for “safe places” to park your Corvette and will resent any car parking next to it, unless it is a Corvette.
Other Corvette owners will wave at you on the road. Wave back, unless you are a jerk.
Strangers in cars will wave at you as you drive by them. Waving back is optional, but polite.
People you don't know will stare at your Corvette (sometimes with their mouths open).
You will purchase specialized cleaning and detailing products. That will also include wooden Q-tips....by the case.
Microfiber will become part of your vocabulary.
You will help the economy with aftermarket products you buy for your Corvette.
You will buy a lift for your garage or find a friend who has one. You will have new friends, if you have a lift.
When you buy your Corvette, you will get up in the middle of the night.....and look at it.

Now for some of the most important changes that will happen to you, when you buy a Corvette:

You will get a little younger. The newer the Corvette.... the younger you will get.
You will get a little more handsome and attractive.
You will eventually get used to being stared at by other people while driving your Corvette. You will always like it.
When someone says to you: “Are you having a second childhood?” Just say: Yes.... but not anymore.
There will be numerous strangers and friends who will ask to drive your car. “No” is the best answer.
You will receive offers to drive your Corvette while you are on vacation to keep it running at peak efficiency....
Purchase a battery tender.
Enjoy your Corvette, but remember: You are allowed to drive it, don't just look at it.
