President's Corner

August 2013

Dear Fellow NCoCC Members,

As most of you are aware we have had a changing of the guard, the new Board of Directors is now officially in place and I would like my first act as the President for 2013-2014 to be to thank our outgoing Board Members for the fantastic job they did. Last year was a very good year for the Club with funds raised from our Plastic Fantastic raffle significantly exceeding previous years and the thanks goes to you members who went out and got donations, and I am happy to say that the majority of members stepped up to the challenge. I know that the USO San Diego will put that money to work serving our military members who give so much so that we can be free to enjoy our beautiful Corvettes.

We have a lot of activities lined up for the coming year and your new Board of Directors is already hard at work ensuring the coming year will be even better than the last. Speaking of the incoming Board, I would like to introduce them to you for those who may not have been at our lasting meeting. Of course I am the new President, we have Rick Toomey as our new Vice President, Ruth Harwell has been elected to another term as Secretary, Gary Sadnick is our new Treasurer, Jay Kopelowitz is our new Activities Director and also our Past President, Kathleen Regenhardt has also been elected to another term as the Newsletter Editor, Wayne Osborne is our new Historian, and Pat Kutyla is our new Sergeant at Arms. I want to thank each of these individual for stepping up to serve on the Board of our great Club.

I would also like to introduce to you our newest Members at Large, Dave Regenhardt and Tim Murray. Also, I would like to thank Bob Belzman for serving as our USO Representative for several years, he did a great job, and I would like to introduce our new USO Representative, George Marks and thank him for volunteering for this position. Additionally, I want to recognize Bob and Carol Haller for the hard work they continue to do as our Raffle Coordinators, Bob Hurst for serving as our National Corvette Museum Representative and for doing our Corvette Trivia, Jan Houshar for serving as our representative to the San Diego Association of Car Clubs and Terry Thompson as our representative to the Southern California Car Club Council. Last, but certainly not least, thank you to Ed Daher for his continued work as the Club Webmaster.

President's Corner continued

Also, congratulations to Norma Miyamoto on the purchase of her new Corvette, it was great seeing how excited she was to have it and drive it to the Annual Awards/Appreciation Dinner. You have to love those two Corvette (or more) families. Speaking of the Awards/Appreciation Dinner, we had an amazing turn out and I believe everyone had a great time. I will admit that the service at the Old Spaghetti Factory left a little to be desired. We are considering a different venue for next year so if you have any ideas send them to me.

With that I will close and wish you all safe travels in your Corvettes and encourage you to continue to support our fantastic National Corvette Museum, the USO San Diego, all of our active duty military men and women, and all those veterans who served in our military,

Sam

This year our club was able to provide the USO San Diego with a check for \$4,831. This is due to your hard work on Plastic Fantastic! Thank you!

60 Years of Cool

The Corvettes first complete redesign came in 1963, when it became the Stingray. The new model added its first coupe body style – the stunning split window design – as well as an independent rear suspension and air conditioning. The 327-cubic-inch V8 engine made as much as 360 horse power when ordered with fuel injection. The split window lasted only one year due to complaints about visibility, but the coupe body style was here to stay, and the 1963-67 Corvettes would go down as the most beautiful in the marque's history.

TONY STEWART SMOKES THE 2014 CHEVROLET CORVETTE STINGRAY

FOXNEWS.COM

JULY 25, 2013

They don't call him "Smoke" for Nothing.

The 2014 Chevrolet Corvette Stingray is still a few weeks away from hitting showrooms, but Road and Track Magazine managed to stuff Tony Stewart behind the wheel of one at GM's Milford Proving Grounds, and the three-time NASCAR champ proceeded to burn its rubber like the pro that he is.

We'll get our chance behind the wheel in a few weeks, but the Road and Track folks were able to put the 'Vette up against the stopwatch while they were there and the numbers it threw down were big – which in this case means small.

Zero-60 mph in 3.8 seconds.

Quarter-mile in 12.2 seconds.

That courtesy of its all-new 460 hp 6.2 liter V8 and seven-speed manual transmission.

As for how it does on the streets, we'll let you know soon.
